

00:00:52 Gregg Blumenfeld: gm all

00:00:58 Terry Butler: Good Morning

00:01:09 Frank Slegtenhorst: good morning Graig

00:01:17 Jerry Bongard: Good to go, glad to make it to a live session finally.

00:01:28 Ben Birdsell: Good morning

00:01:56 Ben Birdsell: Yes much butter this week.

00:03:42 Leigh B: good morning

00:08:00 Ben Birdsell: I can't stay today so have to catch the recording. But have a quick question about the new package. How do I keep all the old settings when I load the new package?

00:09:40 Ben Birdsell: I found that out.

00:10:04 Billinci CODE: ouch

00:10:45 Ben Birdsell: Can I run both packages so I can copy the settings to the new?

00:12:11 Ben Birdsell: Great, I have to reinstall the old again.

00:16:14 jim baber: you say to uninstall old signal lab software I could not find it but I did find Ultimate signal arsenal is that what I need uninstall

00:21:46 Ben Birdsell: Is that posted so we can join the Order Flow session?

00:22:14 Thomas Leong: If we don't like the outlines, can we use the LBOF just on the last bar without the outlines on the prior bars?

00:23:28 Ben Birdsell: Thanks

00:23:55 Ben Birdsell: I have the package already

00:24:39 Thomas Leong: yes

00:24:59 Ben Birdsell: Thanks

00:26:33 Thomas Leong: I like Equivolume bars, so I get the equivolume bars with outlines around them.

00:27:05 Rob L: Morning...can Signal Lab indicators that are similar or the same as indicators previously bought under another package conflict with each other? Thanks!

00:28:03 Thomas Leong: yeah that looks kinda weird

00:31:43 Thomas Leong: I like the 89 with the 55 to see some confluence zones

00:32:36 Ben Birdsell: Nice Thomas, I'll try that idea, thanks

00:56:11 Thomas Leong: would you look at HTF, Dow Theory or correlated markets to make sure you're trending.

00:59:19 Ninjacators: absolutely!

01:02:56 Thomas Leong: I like to adjust text size because Im old

01:34:41 Thomas Leong: 3rd wave

01:41:17 Thomas Leong: I've heard new traders go broke taking big losses, experienced traders go broke taking small profits.

01:46:45 Thomas Leong: can you get alerts on a squeeze?

01:46:55 Thomas Leong: dot

01:50:39 craig: I executed the new installer but was not asked to put in the registration emailed. Is there anything I am missing.

01:52:42 craig: Do you need to unistall first or just run installer.

01:58:05 Thomas Leong: und is good and alerts log

01:58:27 Thomas Leong: my TOS is acting weird today

01:59:27 Thomas Leong: the dot is squeeze start

02:00:29 Thomas Leong: we need a popup for that in the next edition

02:00:43 Serrell Redd: just got here, are we in a trade?

02:01:37 Serrell Redd: Gotcha, Thx!!

02:04:45 ASUS: I am interested in adding Swing Stocks to my portfolio. What do you believe is the best / most reliable stack to use for Stock trades?

02:10:13 ASUS: Thanks

02:32:50 Ron Musser: Gotta go but I must say just listening in on Friday's to signal lab is a highlight of the week enjoy the learning

02:34:35 Frank Slegtenhorst: The pivots are most of the times magnets for price. And work as u-turns

02:40:47 Terry Butler: Thanks! Have a good weekend,

02:41:10 Gregg Blumenfeld: good info, thanks!
